F. M. Pfriffer Esq

Submit the following report for Saturday the 25 day of Sept. 1926.

Covered as usual P. H. and found no witness which I would take to be of interest to case as none were in nor came out with plain cloth men during my coming off and on, and from conversation and talk among reporters there were nothing doing there only as usual the Chief Endeavor expected one or two.

Can say the Public in Somerville and also in Bound Brook certainly showed their feeling in "Snipes" defeat in regard Jury and can say it has done the prosecuting side no good by his actions, regardless of his letter explaining to the Foreman of Grand Jury.
